WITH THE FARMERS

Farm Bureau Official Information

HIGH CORN YIELD WILL PAY PROFIT

Figures Quoted on Corn Profits
—Walworth Increases Acre-
age of Alfalfa.

New wrinkles in farming come so thick and fast these days that a person attempting to keep them all out would have but little time left.

New crops and new varieties of old crops are being introduced every day. Rotations are being shifted, seedling mixtures and seedling methods are undergoing a change.

Agriculture is in more of a ferment than ever before. How to keep informed about what is going on and what to do next is always a problem.

Reading helps. Trial of promising things is always the best of last resort. But the biggest source of practical information about what to do on any farm, and how to do it, is watching the trials and neighbors make.

The automobile has vastly increased the radius of what may be termed a neighborhood. It has similarly vastly increased the possibility of getting valuable lessons from a neighbor's experience.

Within a radius of 20 miles most everything ever successful for a region will be found on trial on some farm.

The county agent usually constitutes a walking directory of neighborhood people and their activities. If you are thinking of trying a new scheme, or a new crop, the county agent can usually put you in touch with some man not far away who has based on the pioneer stages with the same thing. And the cheapest way is to learn from him.

Learning the Profit.
A number of Illinois farmers have kept careful records of the cost of growing corn on their farms. These records have been made under the supervision of the college of agriculture of that state, and the showing made based on present prices, has been summarized.

It is shown that when the yield was 20 bushels an acre, the cost of growing corn was \$21 an acre, and all the farmer got out of this was ordinary wages for the time devoted to this crop.

According to these records, when the yield was forty bushels an acre, as it may be by proper rotation of crops, the use of legumes, by applying manure or by planting better seed, a different story was told and some striking facts as to where the profits in farming are were revealed.

To illustrate, it was found, according to these farmers' records, \$31.70 on the average to grow a 40-bushel crop of corn, or only 70 cents more than to grow a 20-bushel crop. Thus thirty-one bushels, if sold at 70 cents a bushel, would pay all expenses, including the farmer's wages and leave nine bushels as the farmer's profit.

High Yields Pay.
When the figures on these crops that yielded 50 bushels an acre were compiled, it was learned that the cost of growing only \$14.50 an acre over a yield of thirty bushels and 70 cents above the cost of a 40-bushel crop.

In this case, thirty-two bushels paid the producer's costs, leaving eighteen bushels for the farmer's profit, as compared with no profit when a 20-bushel crop was produced, and nine bushels for a 40-bushel crop.

The average yield of corn in most states is less than thirty bushels an acre. Where is the profit in low yields?

Recent reports from assessors show that there are three acres of alfalfa this year to one last year. This is truly a wonderful showing. The following alfalfa acreage figures speak for themselves.

Comparison of alfalfa acreage of Walworth county:

	1921	1923	1922
Bloomfield	121	211	171
Barley	255	212	212
East Troy	429	239	239

JUNE EXCEPTIONAL MONTH FOR HEALTH

Not One Quarantinable Case Reported During Entire Month.

With not a quarantinable disease reported during the past month, June will go down as one of the most exceptional months in the history of health work in Janesville, according to Dr. Fred B. Welch, city health officer and head of the health department.

"At the present time there is not a single case under quarantine in the city," adds Dr. Welch in his monthly report. "This is indeed exceptional for this time of the year."

Although there were no quarantinable diseases in June, there were 46 cases of mild communicable and contagious diseases consisting of: Whooping cough, 20; chicken pox, 14; measles, 10; and mumps, 2.

While the June record represents a decrease of 59 cases of measles—there were 69 in May—both whooping cough and chicken pox showed an increase. The former increased from one case in May to 20 in June and the latter from one to 14.

The city health officer reports that he made examinations in 24 of the 46 cases reported during June, the balance being reported to him by physicians.

Other work during the month consisted of: Complaints investigated, 13; inspections, 10; calls for disinfecting, 2; examinations made for communicable diseases, 205; interviews, 67; detention hospital calls, 2; vaccination, 1; cases of communicable disease seen with physicians, 2; placards removed, 14; throat cultures, 2; calls in country for communicable disease, 1; physical exam-

inations, 6; permits, 2; letters, 58; and notices, 10.

Other Health Data.
The three other members of the city health department report many activities during June, including the conducting of two child welfare clinics.

The visiting nurse, Miss Hulda K. Andrews, reports giving attention to 261 patients and visiting 70 homes. She also lists 73 interviews and 50 hours' office work. Miss Andrews made a trip to Forest Lawn sanatorium to see four cases sent from Janesville, referred seven cases to physicians, two to the Kiwanis clinic, supplied layettes for three babies and gave gauze and linin to five patients.

The school nurse, Miss Grace C. Amerpohl, made 94 home calls and 10 school visits during June, spending 300 hours in office work and appearing in 3 interviews. Miss Amerpohl is checking up notices sent to parents which have not been returned and is making home calls to see if efforts are being made to remedy defects in children. She collected 33 postcards from the fourth, fifth and sixth grades during the month, showing the health value of dairy products.

Dr. J. J. Woodworth, sanitary inspector, in his report for June lists his work as follows: Inspections, 151; complaints investigated, 40; interviews, 103; alley inspections, 40.

PARKER TO OPEN ENGLISH BRANCH

Korst and Schooff, Both of Janesville, to Direct London Office.

To complete formation of an affiliated company in England for the development of business in the English branch, which, if it materializes, may mean much to Janesville, a group of executives of the Parker Pen company, will sail for England about July 15.

The party will be composed of Horace Blackman, sales manager; Kenneth Parker, advertising manager; L. A. Crowell, Chicago, advertising counsel; Donald B. Korst, Janesville, and recently at Kansas City as division manager; and Carl Schooff, Janesville, manager of the Chicago office.

Korst is Director of the company, which will be known as the Parker Pen company, Limited. Donald Korst will be the managing director, and Mr. Schooff, assistant director, according to announcement made Wednesday by Mr. Blackman. They will live in London where the headquarters will be located, and will be joined later by their wives. The other three men are to be in England for two months engaged in putting the corporation under way.

According to present plans, a force of 12 salesmen will be employed and several others will be engaged in the office. Mr. Korst and Mr. Schooff will be the sole Americans in the English organization, which will obtain its products directly from the Janesville factory.

"We have done very little in promoting business in England, but now plan to put on a large amount of advertising such as brought results here," Mr. Blackman said. "The Parker Pen company has done most of its business in Continental Europe, in Norway, Denmark, Sweden, and Italy. There is no duty on pens to England and the country offers the finest market for export trade in the world."

All pens will be manufactured in Janesville and shipped to England. With present facilities here, we can handle a good deal more business than the present plant," Mr. Blackman declared.

Company Keeps Steady Pace

The Parker Pen company will be the third organized by George S. Parker and others associated with him in the Parker Pen company business. The Parker Pen company, Limited, has been making in the past few months and the increased business has more than vindicated the judgment of its officers. Pens are manufactured in Janesville, but being distributed from the United States. A force of 40 persons, including 10 salesmen, is employed.

The Parker Pen Company at the Janesville Plant

The Parker Pen company at the Janesville plant now employs a force of 600 persons, and its business has justified the continuance of production at a 45 percent increase. There last year, Mr. Blackman said. There has been no letup the past six months nor reduction made in the force, a condition which Mr. Blackman contends probably no other pen company and few other factories in any line for that matter, can claim.

OUTSIDE ACTIVITY

URGED ON PASTORS

Madison, Wis., July 1.—The way to reach the youth of the nation, and particularly of rural communities, in church work, is through recreational activities, including athletic events, games and contests, Prof. J. P. Schlotter, of the University of Wisconsin, declared today, speaking before the National Inter-Church conference here. Ministers from practically every state attending the conference turned aside to discuss church subjects today and gave attention to lighter topics of physical education and recreation in rural communities.

"A minister can do the most good for his church community out of the pulpit," Prof. Schlotter said. "If everybody could be convinced from the pulpit, there would be no need for jails and courts. A live minister is one who can throw off the veneer of his position and be a chum to his congregation."

Abandoned Car Came from Kansas

Ownership of the 1923 Ford coupe found abandoned by the police near the tourist camp on North Washington street, two weeks ago, is believed to have been traced by the police. Close inspection of the machine by Sergeant Charles Handy, disclosed an old letter addressed to W. L. James, Chicago, Kan. Police of the Kansas town were at once notified and a telegram received Wednesday night identified it.

The coupe is believed to be the car stolen from Mr. Janesville some months ago. Description furnished tallies almost perfectly with that of the car found.

NEW AERIAL FIRE TRUCK IN SERVICE

Net Cash Cost to City Only \$2,500. Great Bargain. Says Manager.

After being on the road since 1:30 Tuesday afternoon, the city's new 75-foot aerial ladder truck arrived in Janesville at 10 p. m. Tuesday, covering a distance of 127 miles from Chicago by way of Belvidere and Rockford.

Firemen were busy Wednesday morning with a portion of one of the box trucks in the rear of the centralized fire station to make room for the ladder extensions. The truck was found eight inches long for getting into the station closed, so more room was provided.

Before City Manager Henry Traxler, Councilman C. Starr Atwood and a number of citizens, a demonstration of the new apparatus, Chief C. J. Murphy and other officials, expressed their appreciation of the purchase. The ladder was raised to a vertical position in two to three seconds' time. The truck was driven up East and West Milwaukee streets, hills and over the city with its operation.

The net cash cost of the apparatus to the city will be about \$2,500, Mr. Traxler said, including repainting and mounting.

"It is the greatest bargain I ever saw," he declared.

63 Arrests in Month of June

Sixty-three arrests were made in Janesville during the month of June, according to the monthly report of the police department. Victims of the speed laws caused the most arrests, 20 persons being haled into municipal court on that charge. Out of the 63 arrests, 51 cases were taken to court and 12 discharged by the police.

The number of offenses were: speeding, 20; drunkenness, 7; driving car without license, 1; bastardy, 1; robbery, 1; beating board bill, 1; reckless driving, 4; blocking railroad crossing, 1; obtaining money under false pretenses, 2; arrested for other cities, 1; auto thefts, 3; possession of liquor, 6; sale of liquor, 1; driving car with outstretched arms, 1; burglary, 2; disturbing peace, 1; driving car without proper lights, 3; driving car while intoxicated, 1; non-support, 1.

The arrests were made by Chief Newman, 2; O'Leary, 6; Morrissey, 3; Porter, 3; Kessler, 5; Hundy, 3; Champion, 1; Dickinson, 3; Ford, 4; Ward, 1; Sherwood, 2; Lennartz, 7.

Library Staff Plein

The staff of the public library held a picnic at Riverside park Tuesday night.

ROUTE 13 PAVING DELAYED 10 DAYS

Traction Company Files Petition for Abandoning Line—Hearing Necessary.

Paving of North Washington street between Mineral Point and Highland avenues will be delayed another 10 days at least, it is anticipated, as it will be necessary for that length of time to elapse before the railroad commission can issue an order to bring the controversy to a settlement. City Attorney Roger C. Cunningham, W. H. Dougherty, attorney for the traction company, filed a petition with the railroad commission Tuesday afternoon. The petition asks for permission to discontinue the Washington street trolley line from the Academy street crossing to the city limits, making no mention of substituting bus service.

Will Hold Hearing

The commission is expected to set a date for a public hearing on the matter, to be held in Janesville.

After citing the fact that the Janesville Traction company is operating here under an intermediate permit, the petition goes on to say:

"That the city of Janesville has adopted a paving program in said city which, if carried out, will entail to this petitioners a very large expense, which it is unable to bear; that said paving program comprehends Washington street in said city from Mineral Point avenue to Highland avenue, and from Highland avenue to the city limits within the very near future."

Would Need New Talks

"That inasmuch as in pursuance with an ordinance in said city, it is the duty of this petitioner to pay the difference in the cost of paving of said street occasioned by the presence of its rails and that it will further be necessary, if said program is carried through, to make a large expenditure of money for the rail and now that provision for the completion of said paving, that the paving between Mineral Point avenue and Highland avenue is now about to be commenced, that in addition to this work it is proposed also to cause the crossing of this company's tracks with the tracks of the Chicago, Milwaukee & St. Paul and Chicago and North Western railroad companies at Academy street to be paved; that as this petitioner views the situation, if this proposition is carried out it will be necessary for this petitioner to abandon said line from the aforesaid railroad crossing to the northern end of Washington street, and that this petition is filed for the purpose of getting an authorization in said matter for the discontinuance of said Washington street line, or for such other further and different order as the commission may determine."

The petition is signed by W. C. Sparks, vice president and general manager, and John Dougherty & Grubb, attorneys.

Service Is Resumed.

As company officials and attorneys were in Madison placing its case before the commission, temporary service on the full length of the Washington street line, was resumed at 5 p. m. Tuesday, after an interruption of two weeks due to paving operations. This has necessitated running the cars only to Mineral Point avenue.

FT. ATKINSON

Fort Atkinson — Circle No. 1 of the Volunteers of the Methodist church met at the home of Mrs. George Dehmelmer Tuesday afternoon with Mrs. C. E. Muters assistant. Following the business meeting a program was given consisting of vocal solos by Mrs. Dehmelmer and readings by Mrs. Carl Dehmelmer. A five o'clock supper was served by the hostesses.

Mr. and Mrs. Alfred Webb who have been visiting relatives in town left for their home in St. Louis Monday.

Mr. and Mrs. Sheldon Voelburg and son of New Orleans are visiting the Mrs. Voelburg and Dean Roberts home.

Dr. J. H. Spitzer has returned from spending the winter with Mr. and Mrs. Ernest Parsons, California.

Mr. and Mrs. G. T. Krippen of Chicago are spending a month's vacation with Mrs. Krippen's parents, Mr. and Mrs. Charles Miller. Other guests of Mr. and Mrs. Miller are Mr. and Mrs. George Roethel and daughter, Shirley, of Flint, Michigan.

Mrs. O. D. Strong and Mrs. George Dehmelmer spent Wednesday in Milwaukee and Dr. O. J. Gates attended the dentist's convention at Madison Tuesday.

Mrs. William Clayton and son Walter of Red Wing, Minnesota are spending a few days at the George Roethel home. They made the trip by auto.

John Jones, Russell Gehhardt, Dorothy Morris, and Grace Pratt gave a party at Sandy Beach, Lake Mills Tuesday afternoon. 50 guests.

EVANSVILLE FOLK MARRIED TUESDAY

Evansville, Ind., July 1.—Mrs. Bertha Stephens and L. A. Baldwin, both well known residents of Evansville, the former being a school teacher and the latter proprietor of a feed mill, were married Tuesday at Madison. They left on a two weeks' wedding trip through the east and will visit Niagara Falls. Upon their return they will live on First street.

100 DISABLED VETS TAUGHT FARMING

Madison—Approximately 100 disabled veterans of the World war are being taught, practically nothing, through the U. S. Veterans' Bureau, in co-operation with the Wisconsin college of agriculture. Four instructors are employed by the college to teach the men.

Independence Day

In 1776 In 1924

The Minute Man is a symbol of freedom in American history. He won our country's independence with grim determination and an old flintlock musket. He founded and first celebrated Independence Day.

And now another army—the legion of American home-makers—is pioneering in freedom. They're learning to make every day a day of financial independence in the home. The dividends they receive every three months are growing bigger each year as they put their savings to work electrically. Investments in great electric utilities, such as ours, means freedom from financial worry just as grit and gunpowder meant emancipation to the early patriot.

How is Your Financial Independence Progressing?

Wisconsin Power & Light Co. Janesville Electric Company

Futures Are Being Distributed Today

You'd better be among those present—because there are

some bright ones being handed out.

There are, for example, good positions through which

economic and conscientious workers may attain success in

humblest measure.

Also, there are opportunities to make profitable business

connections of various kinds. If you want to establish a

business of your own or if you want to connect yourself

with an established business—you surely ought to be

among those present.

And besides these, there are many other opportunities

to make and save money in innumerable ways.

These are being distributed today—every day—

through the medium of the Gazette A-B-C Classified Sec-

tion.

You don't have to stand in line and await your turn.

Just step forward and take what you want when you want

it.

Busy Man's Sport Page

By FRANK SINGLAI

NOW is the time when here and there will be heard little whippers of semi-professional baseball clubs appealing for funds or they will have to go on of business. It is the annual request for a hand-out that comes from many towns that go out into the far highways and byways in order to place a "baseball team" in the field. This year, the first in Wisconsin to hear the call, last year, so it is said, the club went \$1,000 into debt. This season, there is \$150 in the treasury and there is still a long way to go before the season of football comes around. The story goes that unless the directors up there organize a brand new thing and ditch the old one, the players will have to disband. How long is that sort of story-telling going to continue? If only these towns would rather nerve and themselves and go in for home talent, such distress would pass out of existence.

THIS is a lean summer in many cities. Men are out of work and plants have shut down wholly or partially. In many places, there hasn't much money for entertainment. Baseball that pays its way easily, has a small charge and at the same time provides plenty of sport for the spectator, is the type of baseball that will survive in the small and medium sized towns. Here is another reason for the establishment of home talent baseball on a firm foundation all over the state, and the country. In such times, the public needs baseball and such entertainment more than at any other.

ANDY GIBBONS, former city councilman, was playing golf the other day with Janesville against Beloit. He was having a most interesting time of it, so the story goes. It seems he had a new caddy who didn't know him. Andy was having a good deal of difficulty and after a particularly bad shot, he turned to the caddy and said: "I'm certainly rotten. Guess I'm the worst player in Janesville." "No, I wouldn't say that," replied the caddy. "From what the other kids say, there's another man who plays here must be worse than you." "What's his name?" asked Mr. Gibbons with hope. "Mr. Andrew Gibbons," said the caddy.

Laron Worthing who is 15,000 Edwards' nurse at opening of grand circuit at Cleveland.

TAMPING THE OLYMPICS. Georges Chaman, U. S. N., was away late in hand of the last Olympics. Water shortage in Paris may hold up tank events—Joey Ray, sprinter, injured ankle and may be out of U. S. team. U. S. team, 15-22. Argument resumed over French point system—Pine and Americans in friendly clashes in trials at stadium. U. S. bending normal, the great runner.

Australian swimmers to invade U. S.

DIAMOND SQUATTERS. (BY ASSOCIATED PRESS) Cleveland's mighty effort which plunged the American League into turmoil and sent Washington into the lead ahead of New York, Detroit and Boston, has finally lifted the Indians from last place to the first division.

Speakers' title vaulted from seventh to fourth place by winning two games from St. Louis by scores of 4-1 and 8-2 as Boston lost twice to the hustling Senators, 2-1 and 5-0, and Chicago was beaten by New York, 10-3. The Indians' record now is 10-3, three games ahead of New York which shut out Philadelphia 7 to 0 behind Hoyt's pitching, aided by Ruth's 20th homer which won the game for the Indians.

"Yanks are in a virtual tie for second with Detroit." The Indians rest three games behind the two—Chicago dropped to fifth, a half game behind the Indians. Red Sox are in sixth place, only one point ahead of the Browns in the 7th which is only seven contests back of first. Athletics are eight and one game away from seventh. Giants continued their mercurial punning of Brooklyn with a 6-0 victory—Chicago retained lead, 5-0, and one-half game behind the leaders by beating the Reds, 4-2. Rogers Morash made his ninth homer of the season and his eighth within 10 days in the Cleveland 2-2 over Pittsburgh. Phillies scored five runs in the first inning and defeated Boston, 5-0. Splendid pitching by Martinez kept the Indians from scoring. Red Sox and permitted Washington to maintain its flying pace. Percy held the Senators to six and Quinn allowed only eight but the league leaders are not yet ready to slow up. Detroit turned the tables on the White Sox with a top-heavy score. Cleveland bunched hits in both games to win from St. Louis, 10-1, and Indianapolis and Columbus. Association leaders moved another notch away from the lower teams Tuesday, when all three won games. Cardinals remain a game and a half ahead of the Hoosiers, who in turn top the Saints by one game.

Black Gold reaches Chicago to retain lost glory on Hawthorne track.

SCRAPS ABOUT SCRAPPERS. Ed Dickerson, Grand Handicapper, selected to referee Scrapping-Greb bout at Michigan city, July 4. Both Spring and Greb putting on finishing touches for scrap. Tommy Gibbons, St. Paul fight, heavy weight, sails Saturday for Europe to meet Jack Bloomfield in London the last of July. Low-Tender and Bobby Bannister, light-heavy, meet at Bluefield, July 14. New York milk fund show netted \$96,700. Ernie Goetzman, Milwaukee, needs opponent to be selected at Brooklyn. Gelsy and Turney to fight Georges Carpenter in New York, July 24.

Epinaud, famous French horse, expected to sail for U. S. last of July.

Sweeney Gets Hole in One

(SPECIAL TO THE GAZETTE) Edgerton, "Big" Sweeney, champion of the Edgerton Country club, scored a hole in one here Tuesday. He made the ace on the number 7 hole of 196 yards, using a masher. Jefferson golfers play here Saturday. Next Wednesday, Edgerton goes to Stoughton.

Earl Jacobsen, local professional, Clayton Hubbell, and Joe Leary of Edgerton, played at Highland, Tuesday, finding the course there in fine shape.

WALKER COLOMBUS. Cyril Walker who has been the attraction on the links that Hagen, Sarazen and Jones are now playing is slow, methodical and colorless and not at all heroic looking.

FOUR OTHERS RANK CLOSE IN CONTEST FOR FIRST HONORS

Pitchers in the Southern Wisconsin baseball league are holding close together in their ratings so far this season, according to the unofficial records of the circuit compiled Wednesday.

Nominally, "Red" Lanphere of the Janesville Boosters, continues to stick on top of the pile. The white-haired pitcher has the only undefeated slugging of the circuit and to date, has permitted but .89 of a run per nine-inning game.

When the number of games pitched are considered, the others come in the following order: Frankie of Port Washington, who has given 1.57 runs; Mahson of Edgerton, 1.47; Crandall of Milton, 1.39; and Elmer of Brookfield, 2.00. It must be remembered, however, that some of the scorekeepers failed to keep the "earned run" record.

On the win basis, Lanphere is first; Elmer second; Frankie, third; Crandall, fourth; and Elmer, fifth.

Of the big boys, Crandall has permitted fewer hits per inning. He has allowed but .68 an inning. Lanphere follows with .80; Elmer with .82; Frankie with .85 on 54 innings, which is more than anyone else; and Mahson, 111.

Crandall has the record number of strikeouts, 59 in 45 innings. His nearest competitor is Frankie of the Port with 53 for 54 frames. Then comes Lanphere with 36 and Elmer with 31. Crandall has given 20 bases on balls, but the "iron man" of the loop is a crafty hurler and often passes a man for the purpose of getting at the next one for a strikeout.

Lanphere has given him 100 bases on balls but one batsman and had only one wild pitch, the record.

Two new pitchers in the circuit are going good. O'Clavin of Brookfield, the former Three-Rivers league man, has a run percentage of .63 for two games; has given but .89 of a hit an inning, and has fanned 11. It looks as if he is bound to stick up among the leaders if he continues to pitch for the Green county lads.

Meanwhile, the Janesville man who is with Cambridge, started off well last week. While he lost, he permitted but .01 runs per stanza and one hit an inning. He struck out nine men in his first game, a food start.

The record shows that there have been 268 hits made in the league so far this season. There have been 16 games played. This is an even 16.8 hits per game. The average for each team per game, which is quite a good record. Of these hits, there have been 52 two baggers, 11 triples and only one homer. In all there have been 14 runs scored or just about nine to each game.

Beloit in Win Over Niesens, 5-0

Beloit to four hits until the eighth inning here Tuesday but in the latter frame two homers, a single and a lone off balls raised the Beloit four runs. The final score was Beloit 5, Niesens 0.

Phillips held the Niesens to four hits and was never in danger.

Beloit's record now is 10-3, three games ahead of New York which shut out Philadelphia 7 to 0 behind Hoyt's pitching, aided by Ruth's 20th homer which won the game for the Indians.

BRINGING UP FATHER

NO ILL DRAFT BLEW LESLIE

Detroit got Leslie Burke as a "comer" and he delivered the goods as second baseman.

Detroit will grab the windiest place near the door whenever another draft is expected. For they drew Leslie Burke, now the sensation of the team, in one of these playful winds.

Burke, who is shining at second with the Richmond team in the Virginia league when the big league scouts were looking over new talent last season. The Tiger scouts gave him the O. O. and reported him as a "comer." But two or three other big league agents sized him up the same way. So, when the annual draft lists were made up, two or three clubs had filed a claim on Burke.

When the names were pulled out of the hat last fall Detroit drew Burke's ticket. This spring they sent him a railroad ticket.

Cobb was impressed with the possibilities the youngster showed at the August camp but did not figure him seriously in trying to dope the Tiger infield situation. Burke was slated to develop on the bench for a season or so.

But he is frank enough to admit now that he didn't know Burke could deliver the goods when he sent the lad to replace Derrill Pratt at second.

"I didn't tell Burke that, how ever," says Cobb.

K. C' Remains in First as Gazette Drops Down

That which was said might happen did and on Wednesday, the Knights of Columbus stands out as the only undefeated outfit in the city kitchen ball league. The Chevrolet boys spilled the beans Tuesday by kicking the Gazette. The newspapermen now stand in second place. Kiwanis and Parker are tied for third, the Lakotas and Chevrolet are tied for fifth. The K. C. Kiwanis game and the Gazette-Chevrolet game finished at the same moment with the same score.

By defeating the Bluffs 17 to 2 Tuesday, the K. C. Kiwanis came out of the cellar and are now in seventh place. It was largely a case of hitting.

Replaced by Tobin in 5th account of injury.

Lakotas.....100 100 1-6
Parker.....101 471 1-7

Gene Cracks, Badly Out

(BY ASSOCIATED PRESS) Tallent, Kansas—Gene Sarazen, American professional golf champion, who led the field at the end of the first day's play, for the French open championship Tuesday with a score of 114, went to pieces in the third round of the tournament Wednesday morning with an 88 for the round for a total of 232, putting himself hopelessly out of the running.

1430 Stars Entered in Olympic Games

(BY ASSOCIATED PRESS) Paris.—Announcement of final entry lists Wednesday reveals a total of 1430 athletes, representing 45 nations and comprising the greatest field in Olympic history, will battle for international track and field laurels beginning Saturday in Colombes stadium.

Of the individual events the 100-meter dash has the largest field, 37 athletes representing 35 nations, while the 400 meter relay is the most popular team contest with
